

OvaScience Featured at RESOLVE New England Annual Fertility Conference

November 1, 2013

-- First baby born through *in vitro* fertilization in U.S. to present keynote --

CAMBRIDGE, Mass.--(BUSINESS WIRE)--Nov. 1, 2013-- [OvaScienceSM](#), (NASDAQ: OVAS), a life sciences company focused on the discovery, development and commercialization of new treatments for infertility, announced today that Michelle Dipp, M.D., Ph.D., Chief Executive Officer of OvaScience will present at RESOLVE New England's 20th Annual Fertility Conference on November 2, 2013 in Marlborough, MA. Dr. Dipp will take part in the panel "New England Leads the Way in Fertility Advancements" to highlight the innovation in infertility treatments under development at OvaScience. The first baby born in the U.S. through *in vitro* fertilization (IVF), Elizabeth Jordan Carr, will deliver the keynote address.

"I am honored to speak at RESOLVE New England's fertility conference and discuss OvaScience's innovation in the field of infertility. It is a privilege to learn from and work with these leaders in patient advocacy," said Michelle Dipp, M.D., Ph.D., Chief Executive Officer of OvaScience.

About RESOLVE New England

RESOLVE New England is a non-profit organization based in Waltham, MA that serves the infertility community in the greater New England region, including Connecticut, Maine, Massachusetts, New Hampshire, Rhode Island and Vermont.

About OvaScience

OvaScience (NASDAQ: OVAS) is a life sciences company focused on the discovery, development and commercialization of new treatments for infertility. The Company's patented technology is based on the discovery of egg precursor cells (EggPCSM), which are found in the ovaries. By applying proprietary technology to identify and purify EggPCs, OvaScience is developing potential next generation *in vitro* fertilization (IVF) technologies. The Company currently has two product candidates in development: OvaTureSM, which seeks to create mature fertilizable eggs from a woman's own EggPCs without the need for hormone injections, and AUGMENTSM, which aims to improve egg quality and increase the success of IVF. OvaScience's team of scientists, physicians and advisers includes recognized leaders in the field of reproductive medicine. Forward-Looking Statements

This press release includes forward-looking statements about the prospects for the Company's technology in addressing female infertility, the Company's strategy, future plans and prospects, including statements regarding the development and planned launch of the Company's product candidates, including AUGMENT. Any statements in this release about our strategy, plans, prospects and future expectations, financial position and operations, and other statements containing the words "anticipate," "believe," "estimate," "expect," "intend," "may," "plan," "predict," "project," "target," "aim," "potential," "will," "would," "could," "should," "continue," and similar expressions, constitute forward-looking statements for the purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995. Actual results may differ materially from those indicated by these forward-looking statements as a result of various important factors, including risks related to: our expectations regarding the regulatory approvals required for AUGMENT; the science underlying our two product candidates (AUGMENT and OvaTure), which is unproven; our ability to obtain, maintain and protect intellectual property utilized by our products; our ability to obtain additional funding to support our activities; our dependence on third parties; the successful development of, and ability to obtain regulatory approval for, our product candidates; our ability to commercialize our product candidates, including AUGMENT, on the timeline we expect, if at all; competition from others; and our short operating history; as well as those risks more fully discussed in the "Risk Factors" section of our most recently filed Quarterly Report on Form 10-Q or Annual Report on Form 10-K. The forward-looking statements contained in this press release reflect our current views with respect to future events. We anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements in the future, we specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing our view as of any date subsequent to the date hereof.
