

OvaScience Among 50 on Fire Finalists for Innovation Across All Industries in Boston

December 5, 2013

- Company received 2012 award for innovation in healthcare and medicine -

CAMBRIDGE, Mass.--(BUSINESS WIRE)--Dec. 5, 2013-- [OvaScienceSM](#), (NASDAQ: OVAS), a life sciences company focused on the discovery, development and commercialization of new treatments for infertility, announced today that OvaScience has been selected as a finalist for the 50 on Fire award in the healthcare and medicine industry by BostonInno. OvaScience received the 50 on Fire award in 2012, which featured the top 50 game-changers and innovators across all industries in the Boston area.

"It is an honor to be recognized as a leading innovator in Boston, an area that is known for groundbreaking discoveries and attracting and retaining some of the best talent in all industries," said Michelle Dipp, M.D., Ph.D., Chief Executive Officer of OvaScience.

BostonInno focuses on local cultural and technological developments, and annually hosts 50 on Fire to recognize Boston's inventors, disrupters, luminaries and newsmakers in all industries. The event celebrating visionary individuals and companies will be held Thursday, December 5, 2013 at the John Joseph Moakley Courthouse in Boston.

About OvaScience

OvaScience (NASDAQ: OVAS) is a life sciences company focused on the discovery, development and commercialization of new treatments for infertility. The Company's patented technology is based on the discovery of egg precursor cells (EggPCSM), which are found in the ovaries. By applying proprietary technology to identify and purify EggPCs, OvaScience is developing potential next generation *in vitro* fertilization (IVF) technologies. The Company currently has two product candidates in development: OvaTureSM, which seeks to create mature fertilizable eggs from a woman's own EggPCs without the need for hormone injections, and AUGMENTSM, which aims to improve egg quality and increase the success of IVF. OvaScience's team of scientists, physicians and advisers includes recognized leaders in the field of reproductive medicine. Forward-Looking Statements

This press release includes forward-looking statements about the prospects for the Company's technology in addressing female infertility, the Company's strategy, future plans and prospects, including statements regarding the planned discovery, development and commercialization of the Company's product candidates. Any statements in this release about our strategy, plans, prospects and future expectations, financial position and operations, and other statements containing the words "anticipate," "believe," "estimate," "expect," "intend," "may," "plan," "predict," "project," "target," "aim," "potential," "will," "would," "could," "should," "continue," and similar expressions, constitute forward-looking statements for the purposes of the safe harbor provisions under The Private Securities Litigation Reform Act of 1995. Actual results may differ materially from those indicated by these forward-looking statements as a result of various important factors, including risks related to: our expectations regarding the regulatory approvals required for AUGMENT; the science underlying our two product candidates (AUGMENT and OvaTure), which is unproven; our ability to obtain, maintain and protect intellectual property utilized by our products; our ability to obtain additional funding to support our activities; our dependence on third parties; the successful development of, and ability to obtain regulatory approval for, our product candidates; our ability to commercialize our product candidates, including AUGMENT, on the timeline we expect, if at all; competition from others; and our short operating history; as well as those risks more fully discussed in the "Risk Factors" section of our most recently filed Quarterly Report on Form 10-Q or Annual Report on Form 10-K. The forward-looking statements contained in this press release reflect our current views with respect to future events. We anticipate that subsequent events and developments will cause our views to change. However, while we may elect to update these forward-looking statements in the future, we specifically disclaim any obligation to do so. These forward-looking statements should not be relied upon as representing our view as of any date subsequent to the date hereof.
